Dear Bride to be...

“It is our aim to offer a service that is unique and of the highest standards, to deliver beyond our client's expectations!”

To us too much effort is never enough!

I have combined my talents for Makeup and hair styling, and run my very own Beauty Salon in the Rondebosch/Claremont area. Offering you a one stop salon for all your make and beauty needs.

I also have experience locally and abroad in the Wedding and Fashion industries (Magazine shoots, film shoots, Special Events, Charity Events, Fashion shows, etc). I run workshops at my school and attending ongoing Events with Celebrity Make-up Artists and Hair Stylists and travelling overseas extensively also keep me one step ahead.

I prefer and recommend a trial to all our clients, because that gives me a chance to see what your style is and you get the chance to see mine. Here is a layout of what happens during the trial and your Wedding day:

1. The trial we would love you to get a couple of ideas of what you would like for your hair and/or make-up: The 'look'. If you see a nice picture in a magazine, take it out and show us! We would also like to know what your Wedding gown is going to look like, your colour scheme at the Wedding and the type of wedding. All these bits of info help us get an idea of your style and what would suit you in terms of hair, make-up and styling on your Big Day.

2. We will then give you our professional advice (after analyzing your hair type, skin and colouring) and then bring the two aspects together.

3. During the trial(s) (hair and/or make-up) we will have the opportunity to play around with different looks - styles for your hair, make-up applications and colours, etc. - until you are perfectly happy with the outcome!(It is obviously our aim to make your day even more perfect and much less stressful!)

5. One to Two days before the big day, I can arrange my team to pamper you in our salon .My team attending to your hands and feet with manicures and pedicures making you truly feel like a princess and getting you ready for the most important day in your life.

6. The day before why not unwind at our salon while our massage therapist to ease all those tensions and stress from all the planning and running around!

7. The main aim with the trial is to help your Big Day run as smooth as possible! We will be at your location 15 min before we have to start to make sure everything is set in its perfect place once we begin. On the day of the Wedding we go the extra mile with the bride's make-up: a special prep primer will be applied to make sure your foundation stays perfectly in place all night; waterproof mascara will be applied; extra care is taken during the application to ensure long-lasting make-up.

The same also applies for the hair: special products will be applied to make your style stay perfectly in place, but the hair will still look naturally shiny and healthy. Products are also used to give a long lasting effect on the style.

8. If it is required, we will also be there to help you get dressed, because I know Wedding gowns can be quite tricky! I finish off with some final touches to make you look fabulous all over! We also make sure that your veil is in perfectly, and then we hand you over to the photographer. We basically spend most of the day with you, to make sure you are ready for your photos and you look perfect!

9. Finally: we travel to wherever you need us to be on the day of the Wedding.

Have a wonderful day and I would love to be a part of your Special Day!

Best of luck with all the preparations!

Regards,
Carla Brown
